

## Statement of Collaboration for Members Organization

The One Sustainable Health (OSH) Forum is an initiative that embodies cooperation and inclusivity among diverse international organizations, spearheaded by the **One Sustainable Health for All Foundation**. This initiative thrives in synergy with esteemed entities such as the World Health Summit and the Geneva Health Forum. The OSH Forum is dedicated to **promoting transdisciplinary cooperation** through gathering a wide range of organizations, **developing global events** to raise awareness/issues, and **orchestrating the International Working Groups (IWGs)** with **the persistent aim of pragmatically updating the One Sustainable Health operational approach**. Come December 2023, the assemblage of insights from the IWGs will culminate in the “OSH Declaration”, based on the recommendations issued by the “**OSH for All Global Forum 2023**” (Dhaka/Beirut/Dakar/Rio and Lyon).

Members of the OSH Forum for the biennium 2024-2025 are pledged to:

- Engage and enhance the strategic direction of the OSH Forum.
- Champion the cause of the OSH Forum within their respective organizations and extended networks. Encourage the growth and fruition of the OSH Forum's vision.
- Participate in the monthly OSH Forum's Information Meeting.
- Disseminate and implement the recommendations coming from the IWGs, validated by the OSH Forum Members Organization. The diverse IWG’s experts are collaborating on an individual basis, without committing their own organization.

**The OSH Forum is an inclusive assembly of diverse entities**, spanning public sectors such as institutes, universities, academies, and private sectors encompassing NGOs, foundations, and corporations. These organizations are united by a shared commitment to propel the OSH Forum initiative in alignment with the **2030 Sustainable Development Goals**, advocating for sustainable health for all. Each OSH Forum member is entrusted with the task of fostering the collective interests of the OSH Forum approach, **eschewing any pursuits of self-interest**. Members are engaged with the OSH Forum for the biennium 2024- 2025. Nonetheless, it is recognized that any member may decide to withdraw from the engagement.
